NATIONAL PREFINISH

PURPOSEBUILT *Carriage House Doors*

You Really Can Have The *Best of Both*

- Steel Garage Door
with a Gorgeous Wood Carriage Door Look

PURPOSEBUILT
GARAGE DOORS

INSULATED STEEL *Garage Doors*

These doors are perfect for homeowners or designers who want to take the look of their ordinary garage doors and upgrade them to the beautiful look of an authentic carriage house door with virtually maintenance-free materials. The elegant design capabilities and skillfully engineered construction yield doors that maintain superior looks and function for years to come.

The purposebuilt door features a steel base door that has a real wood grain texture and a polystyrene insulation. Engineered smartside overlays and trim packages take this door to the next level by creating equisite carriage house designs.

Amazing fade resistant nano-technology urethane finish in opaque or semi-transparent colors.

The beauty of wood without all the maintenance issues that come with natural wood doors. No fading, re-staining, warping, or swelling, and is termite resistant.

PURPOSEBUILT

Unlimited carriage house designs are available by combining base and overlay colors, door designs, various window options, and a large selection of decorative hardware.

- The steel base door with a 1-3/8" polystyrene insulation has an R-Value of 6.7. R-Values up to 17.68 are also available.
- The full overlay package has a steel base door that is completely covered with the Purposebuilt overlay and trim. The trim only package has a steel base door with Purposebuilt trim.
- Window grids are made with Spanish cedar, ship-lap joints, and are finished with a solid color inside and out.
- Commercial grade track and hardware with torsion springs.
- Vinyl weather strip is provided in a matching color.
- CAD drawings are provided upon request.
- Pre-finished with a high quality urethane finish utilizing nanotechnology with a 10 yr no fade warranty.
- 28" top sections for most sizes to create an authentic carriage house look.
